PROFESSIONAL SUMMARY

B.Tech Computer Science student and aspiring MERN Stack Developer with hands-on experience building responsive web interfaces using React.js, JavaScript, HTML and CSS. Interested in developing user-focused web applications and continuously improving full-stack development skills.

TECHNICAL SKILLS

Frontend	React.js, JavaScript, HTML5, CSS3, Vite, React Router DOM
Backend	Node.js, Express.js (learning)
Database	MongoDB (learning)
Tools	Git, GitHub, VS Code, npm

PROJECTS

E-Commerce Website — React.js + Vite

- Built a responsive frontend shopping website with product categories, product pages, cart functionality and navigation using React Router DOM.
- Implemented reusable React components and client-side state management for cart operations.
- Designed a clean, modern UI focused on usability and responsive layouts.

Developer Portfolio — React.js + Vite

- Built a professional portfolio website showcasing skills, projects, education, training and contact information.
- Added GitHub and LinkedIn links and a downloadable resume section.

EDUCATION

B.Tech — Computer Science Engineering | Indo Global College of Engineering

TRAINING

45-Day MERN Stack Training Program

Hands-on learning in modern web development, React.js and MERN stack fundamentals.

CAREER OBJECTIVE

To start my career as a software/web developer where I can apply my React and MERN development skills, contribute to real-world projects, and grow into a strong full-stack developer.
